Our children don't have to become anything - they are already wonderful

The work doesn't run away from you when you show your child a rainbow. But the rainbow doesn't wait until you're done with work.

**Nadine Möckel**

Children can be anything: sometimes good, sometimes naughty. But above all, they are always unique.

The best way to make children good is to make them happy

## Who we are

We are parents who want to make their children's daycare day more exciting and varied.

## What we do

We have been actively supporting the daycare center since 2007 with the design of the outdoor and indoor areas as well as with festivals and work assignments. We raise money to realize projects for the design of the KiTa.

## Why we need you

We need your active support to make the KiTa even more beautiful and exciting for our children.

## Therefore our request

Become a member or support the Friends' Association with a donation. This will help us to fulfill the wishes of our children.

## Declaration of membership

You will find this and the account number of the Friends' Association on the back of this flyer. If you have any further questions, please do not hesitate to contact the Friends' Association.
